SUMMARY

I am Samet ÖZTÜRK, a 22-year-old Front-End developer with a strong foundation in HTML, CSS, and JavaScript. I am passionate about creating user-friendly web interfaces and have experience with various Front-End frameworks such as React and Vue.js. I prioritize web development standards, focusing on responsive design and cross-browser compatibility.

I am also well-versed in UI/UX design principles, emphasizing user interactions. My expertise includes debugging, code optimization, and the use of version control systems like Git. I have a keen interest in Front-End testing and code sustainability.

In summary, I am committed to contributing my skills and knowledge to enhance web applications and look forward to furthering my career in the industry.

EXPERIENCE

Front End Developer

Teknoloji Üretim Merkezi

📅 08/2022 - 10/2023   📍 Kocaeli / Gebze

- I have worked as a front-end developer on one large-scale, government-supported web project and three separate medium-sized web projects.

Intern

AYS Bilişim

📅 06/2021 - 07/2021   📍 İstanbul / Üsküdar

- I developed projects using an application called FileMaker.

EDUCATION

Software Development

Düzce University

📅 09/2020 - 06/2022

Material UI   Figma

.Net Core   Asp .Net Core

Entity Framework   SQL

SQL Server

Rest API   JSON   Git   Agile

Scrum   SOLID   Patterns

PROJECTS

Subcontractor Tracking System

📅 2023   📍 Kocaeli / Gebze

I handled the front-end development, UI/UX design, and prototyping of the designs for this project.

- It will solve the issue of job tracking present in most industries and eliminate the intermediary time waste, allowing for significantly reduced turnaround times for tasks.

Ticket System

📅 2023   📍 Kocaeli / Gebze

A support system that will address and resolve customers' issues.

- It helped us build a more satisfied customer base and reinforced the perception that we stand behind our services.

E-Commerce

📅 2022   📍 Kocaeli / Gebze

I did front-end development and UI/UX design for an e-commerce website created for a textile company.

- We provided a more user-friendly website.
